# SEIZED AND BEHEADED

**ON-LINE** journo Gyorgy Gongadze riled Ukrainian president Leonid Kuchma with tough questions about corruption – and paid with his life.

● Gongadze, 32, was found headless in a ditch.

● A Kuchma bodyguard quit Ukraine and revealed secret tapes of his boss plotting with ministers to harm Gongadze.

● The cops' murder probe was botched and, a year later, boss-man Kuchma is still in his palace. Gyorgy's family and friends want an international inquiry.

● **And YOU can help them.**
